Experience

Digital Marketing Specialist
Sanofi CHC UK — Reading, Berkshire 2022 – 2023

- Owned **£2.4M annual media budget** across 13+ purchase orders — achieved 98% spend accuracy with zero over-run across four Tier-1 OTC brand campaigns (Allevia, Buscopan, Dulcolax, Cialis).
- Drove **3.1M impressions and 78K qualified clicks** via integrated Paid Social, Programmatic Display, and SEM — delivering +11% YoY cross-channel engagement uplift through A/B testing and audience segmentation.
- Leveraged **Nielsen Ad Intel** to track 14 competitors across ~50 quarterly campaigns; identified white-space opportunities that triggered a 16% reallocation of spend to high-performing segments.
- Scaled brand TikTok and Instagram from **0 to 4,200 followers in under 12 months**; achieved 6% organic engagement rate — 18% above industry benchmark — through a "social-first" video content strategy.
- Spearheaded **UK/Spain DAM system rollout** — migrated 270+ assets, trained 32 stakeholders, and reduced time-to-market for creative assets by an estimated 27% via metadata optimisation.
- Executed full-funnel performance marketing across four Tier-1 brands, optimising creative assets, messaging, and channel mix for maximum ROI at each funnel stage.

Education

MSc Digital Marketing — 2:1
Henley Business School, University of Reading · 2024 – 2025

Key Achievements

- ▸ £2.4M budget — 98% accuracy, zero over-run
- ▸ 3.1M impressions · 78K qualified clicks
- ▸ +11% YoY cross-channel engagement uplift
- ▸ 0 → 4,200 social followers in <12 months
- ▸ 6% organic engagement (18% above benchmark)
- ▸ 27% reduction in creative time-to-market
- ▸ 16% media spend reallocation via SoV analysis

Personal Projects

AI-Augmented Full-Stack Automation (React, n8n, Telegram Bot)

Engineered a personal portfolio website and integrated automation tools — including a Telegram notification bot and an Instagram Comment-to-DM lead generation bot. Leveraged AI-pair programming to reduce development lead times, creating a seamless automated acquisition funnel.

Private Cloud Infrastructure & React UI (Raspberry Pi 5)

Architected a private, end-to-end cloud storage solution using a Raspberry Pi 5 to eliminate third-party subscription overhead. Designed and deployed a custom React-based file management UI — demonstrating full-stack capability and hardware-software integration.

Conversion-Centric Creative Asset Library (Figma)

Developed a comprehensive library of high-fidelity marketing banners for multi-channel campaigns. Applied visual hierarchy and CTA optimisation principles to drive higher Click-Through Rates and ensure brand consistency across digital touchpoints.
